NORTHEAST CAPITAL & ADVISORY, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

1. ORGANIZATION AND NATURE OF OPERATIONS

Northeast Capital & Advisory, Inc. (previously called Northeast Capital Markets, Corp) (the "Company") was organized in December 1992 for the purpose of providing brokerage and investment banking advice to small and mid-sized corporations. The Company is a limited business broker, is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is a wholly owned subsidiary of Loomis & Company, Inc. (previously called Northeast Capital & Advisory, Inc.) (the "Parent"). The Company began operations in June 1993. Investment banking and underwriting income during each of the years ended December 31, 2015 and 2014 was derived principally from services provided to one and two customers, respectively. The Company operates primarily in New York.

The Parent's personnel are utilized to facilitate the completion of projects undertaken by the Company.

2. SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

Investment banking and underwriting income is recognized based upon actual hours incurred on a particular contract and is recorded when services are rendered and all conditions are met, and may be subject to a contractual adjustment. All such revenue relates to projects referred to the Company by the Parent.

Expenses

All expenses, except for professional, travel and regulatory expenses, are allocated to the Company from the Parent based on the ratio of the Company's operating revenues to the Parent's consolidated operating revenues, where interest, dividends, and capital gains or losses are excluded from revenues.

Cash Equivalents

The Company considers all highly liquid investments, with original maturities of less than three months, to be cash equivalents. Cash equivalents consist of money market mutual funds.

Investments and Fair Value Measurements

Investments are recorded at fair value. Net realized gains and losses from the sales of investments, as well as unrealized gains and losses, are reflected in the statements of income.

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs in valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NORTHEAST CAPITAL & ADVISORY, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

2. SIGNIFICANT ACCOUNTING POLICIES

Investments and Fair Value Measurements

An asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used at December 31, 2015 and 2014.

Investments in equities are valued based on quoted market prices within active markets.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes its valuation methodologies are appropriate and consistent with other markets participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. For the years ended December 31, 2015 and 2014, there were no changes in valuation methodologies.

Income Taxes

The Company is included in the consolidated federal and state income tax return filed by the Parent. Income taxes are calculated as if the Company filed on a separate return. The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Company and recognize a liability if the Company has taken an uncertain tax position that more likely than not, would not be sustained upon examination of taxing agencies. Company management has analyzed the tax positions taken by the Company, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Company is subject to routine audits by taxing authorities; however there are no audits in progress for any tax periods.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

For purposes of preparing the financial statements, the Company considered events through February 24, 2016, the date these financial statements were available for issuance.

NORTHEAST CAPITAL & ADVISORY, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

2. SIGNIFICANT ACCOUNTING POLICIES

The Company was not required to maintain a reserve account under Rule 15c3-3 of the Securities and Exchange Commission at December 31, 2015 or 2014. Customer transactions are not handled by the Company, rather transactions are processed through an independent escrow account.

The Company does not maintain margin accounts for their customers. The Company has no liabilities subordinated to the claims of general creditors. The Company is not a member of any securities exchange.

3. INVESTMENTS

	<u>December 31, 2015</u>				<u>December 31, 2014</u>			
	<u>Cost</u>	<u>Gross Unrealized Gains</u>	<u>Gross Unrealized Losses</u>	<u>Fair Value</u>	<u>Cost</u>	<u>Gross Unrealized Gains</u>	<u>Gross Unrealized Losses</u>	<u>Fair Value</u>
Equity								
Securities	\$ 258,521	\$ 73,604	\$ (24,333)	\$ 307,792	\$ 258,521	\$ 62,552	\$ (8,507)	\$ 312,566

For the years ended December 31, 2015 or 2014, there were no transfers in or out of levels 1, 2 or 3.

There were no sales of investment securities during 2015 or 2014.

4. RELATED PARTY TRANSACTIONS

The Parent incurs certain costs related to both the Parent and the Company. Pursuant to an expense sharing agreement, the Parent is reimbursed for certain general operating costs related to the Company when the Company undertakes certain projects. All direct expenses of the Company are paid by the Company.

Expenses allocated to the Company by the Parent for the year ended December 31, 2015 and 2014 were \$28,256 and \$375,517, respectively.

6. NET CAPITAL REQUIREMENTS

**The Stockholder
Northeast Capital & Advisory, Inc.**

We have reviewed management's statements, included in the accompanying Statement of Exemption From Rule 15c3-3, in which (1) Northeast Capital & Advisory, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Northeast Capital & Advisory, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3:(k)(2)(ii) (the "exemption provisions") and (2) Northeast Capital & Advisory, Inc. stated that Northeast Capital & Advisory, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Northeast Capital & Advisory Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Northeast Capital & Advisory Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
